

DIXON UNIFIED SCHOOL DISTRICT LIBRARY DISTRICT
230 N. FIRST STREET, DIXON, CALIFORNIA 95620

Ordinance No. 2004-01

AN ORDINANCE OF THE DIXON UNIFIED SCHOOL DISTRICT LIBRARY DISTRICT ESTABLISHING A LIBRARY FACILITIES FEE SCHEDULE FOR NEW CONSTRUCTION AND DEVELOPMENT WITHIN THE DISTRICT

WHEREAS, the Dixon Unified School District Library District (District) was formed to establish, equip and maintain a public library for the dissemination of knowledge of the arts, sciences and general literature for the residents of the District; and

WHEREAS, new residential, commercial and industrial development in the District are placing increasing demands on District facilities and its ability to equip and maintain a public library for its residents; and

WHEREAS, the District commissioned a study by MuniFinancial, incorporated herein by reference as Exhibit "A", to identify the needs for new public facilities caused by additional residential, commercial and industrial development in the District, and to advise the District on appropriate means of recovering those costs; and

WHEREAS, the District, pursuant to California Government Code Section 66000 et. seq. (AB-1600, Chapter 927, Statutes of 1987), is authorized to adopt a Library Facilities Fee development impact mitigation fee schedule to defray the costs associated with property acquisition, site preparation, design, construction and equipping of libraries within the District *

NOW, THEREFORE, THE GOVERNING BOARD OF LIBRARY TRUSTEES OF THE DIXON UNIFIED SCHOOL DISTRICT LIBRARY DISTRICT hereby ordain as follows:

SECTION 1. Establishment of a Fee Schedule

The Governing Board of Library Trustees of the Dixon Unified School District Library District establishes the Library Facilities Fee schedule set forth in the attached Exhibit "B" and directs that the fees shall be uniformly applied and collected.

SECTION 2. Payment of the Fee

(a) **Time for Payment of Fee.** Fees for applicable development shall be paid prior to the issuance of the certificate of occupancy, or at the time of final inspection, whichever comes first, or, unless the provisions of Government Code section 66007 are met, at the time of issuance of a building permit. Government Code section 66007 requires that to collect fees at the building permit stage, an account has to be established for the fees to be collected and funds appropriated, and the Trustees have to adopt a proposed construction schedule or plan prior to final inspection of issuance of the certificate of occupancy.

(b) **Appeal.**

Any person may protest the imposition of any fee imposed under the provisions of this ordinance by meeting the following requirements:

(1) Tendering any required payment in full or providing satisfactory evidence of arrangements to ensure performance of the conditions necessary to meet the requirements imposed.

(2) Serving written notice on the clerk to the Governing Board of Library Trustees, which notice shall contain all of the following information:

(A) A statement that the required payment is tendered, or that any conditions which have been imposed are provided for or satisfied, under protest.

(B) A statement informing the board of supervisors of the factual elements of the dispute and the legal theory forming the basis of the protest.

(3) The protest must be filed no later than 90 days after the date of the imposition of the fee hereunder.

Where a protest has been filed in compliance with these provisions, the protest resolution procedure shall be as set forth under the provisions of Government Code section 66020 et seq.

(c) **Demolition or destruction offset.** Where a building permit is issued within two years after demolition on the same lot, or where new construction replaces a structure on the same lot which was damaged or destroyed by fire, earthquake or other causes similarly beyond the owner's control, the amount of new construction taken into account under this ordinance shall be reduced by the number of square feet which were demolished or destroyed.

SECTION 3. Collection of fees

(a) **Collection of fee.** The District shall collect the fee required under the provisions of this ordinance, and in the amount as may be amended by subsequent District resolution. The District will collect a fee for all non-exempt property pursuant to provisions of this ordinance and the attached AB1600 study, or as that fee may be modified from time to time.

SECTION 4. Effective Date

The fees provided for herein shall become effective on June 28, 2004 or soon thereafter as possible, and shall remain in effect through June 27, 2009.

SECTION 5. Revision of Fee Schedule

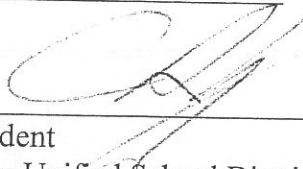

The Governing Board of Library Trustees of the Dixon Unified School District Library District may, from time to time, revise the attached fee schedule as a result of changes in required capital expenses of the District. Such revisions shall be adopted in the form of amendments to this ordinance, after public comment at a regularly scheduled meeting of the Board in accordance with the provisions of Government Code, Section 66000 et. seq.

Passed and adopted by the Dixon Unified School District Library District Governing Board of Library Trustees at its special meeting on April 27, 2004 (continued from April 19, 2004) by the following vote:

AYES: TRUSTEES HODGE, LARSON, LEVINE, POOLE

Cal Gov Code § 66000 (2012)

§ 66000. Definitions

As used in this chapter, the following terms have the following meanings:

(a) "Development project" means any project undertaken for the purpose of development. "Development project" includes a project involving the issuance of a permit for construction or reconstruction, but not a permit to operate.

(b) "Fee" means a monetary exaction other than a tax or special assessment, whether established for a broad class of projects by legislation of general applicability or imposed on a specific project on an ad hoc basis, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, but does not include fees specified in Section 66477, fees for processing applications for governmental regulatory actions or approvals, fees collected under development agreements adopted pursuant to Article 2.5 (commencing with Section 65864) of Chapter 4, or fees collected pursuant to agreements with redevelopment agencies that provide for the redevelopment of property in furtherance or for the benefit of a redevelopment project for which a redevelopment plan has been adopted pursuant to the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code).

(c) "Local agency" means a county, city, whether general law or chartered, city and county, school district, special district, authority, agency, any other municipal public corporation or district, or other political subdivision of the state.

(d) "Public facilities" includes public improvements, public services, and community amenities.

Cal Gov Code § 66001 (2012)

§ 66001. Procedure in action establishing or increasing fee as condition of approval by local agency

(a) In any action establishing, increasing, or imposing a fee as a condition of approval of a development project by a local agency, the local agency shall do all of the following:

(1) Identify the purpose of the fee.

(2) Identify the use to which the fee is to be put. If the use is financing public facilities, the facilities shall be identified. That identification may, but need not, be made by reference to a capital improvement plan as specified in Section 65403 or 66002, may be made in applicable general or specific plan requirements, or may be made in other public documents that identify the public facilities for which the fee is charged.

(3) Determine how there is a reasonable relationship between the fee's use and the type of development project on which the fee is imposed.

(4) Determine how there is a reasonable relationship between the need for the public facility and the type of development project on which the fee is imposed.

(b) In any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed.

(c) Upon receipt of a fee subject to this section, the local agency shall deposit, invest, account for, and expend the fees pursuant to Section 66006.

(d)

(1) For the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

(A) Identify the purpose to which the fee is to be put.

(B) Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

(C) Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements identified in paragraph (2) of subdivision (a).

(D) Designate the approximate dates on which the funding referred to in subparagraph (C) is expected to be deposited into the appropriate account or fund.

(2) When findings are required by this subdivision, they shall be made in connection with the public information required by subdivision (b) of Section 66006. The findings required by this subdivision need only be made for moneys in possession of the local agency, and need not be made with respect to letters of credit, bonds, or other instruments taken to secure payment of the fee at a future date. If the findings are not made as required by this subdivision, the local agency shall refund the moneys in the account or fund as provided in subdivision (e).

(e) Except as provided in subdivision (f), when sufficient funds have been collected, as determined pursuant to subparagraph (F) of paragraph (1) of subdivision (b) of Section 66006, to complete financing on incomplete public improvements identified in paragraph (2) of subdivision (a), and the public improvements remain incomplete, the local agency shall identify, within 180 days of the determination that sufficient funds have been collected, an approximate date by which the construction of the public improvement will be commenced, or shall refund to the then current record owner or owners of the lots or units, as identified on the last equalized assessment roll, of the development project or projects on a prorated basis, the unexpended portion of the fee, and any interest accrued thereon. By means consistent with the intent of this section, a local agency may refund the unexpended revenues by direct payment, by providing a temporary suspension of fees, or by any other reasonable means. The determination by the governing body of the local agency of the means by which those revenues are to be refunded is a legislative act.

(f) If the administrative costs of refunding unexpended revenues pursuant to subdivision (e) exceed the amount to be refunded, the local agency, after a public hearing, notice of which has been published pursuant to Section 6061 and posted in three prominent places within the area of the development project, may determine that the revenues shall be allocated for some other purpose for which fees are collected subject to this chapter and which serves the project on which the fee was originally imposed.

(g) A fee shall not include the costs attributable to existing deficiencies in public facilities, but may include the costs attributable to the increased demand for public facilities reasonably related to the development project in order to (1) refurbish existing facilities to maintain the existing level of service or (2) achieve an adopted level of service that is consistent with the general plan.

Cal Gov Code § 66005 (2012)

§ 66005. Fee or exaction not to exceed estimated reasonable cost of providing service or facility

(a) When a local agency imposes any fee or exaction as a condition of approval of a proposed development, as defined by Section 65927, or development project, those fees or exactions shall not exceed the estimated reasonable cost of providing the service or facility for which the fee or exaction is imposed.

(b) This section does not apply to fees or monetary exactions expressly authorized to be imposed under Sections 66475.1 and 66477.

(c) It is the intent of the Legislature in adding this section to codify existing constitutional and decisional law with respect to the imposition of development fees and monetary exactions on developments by local agencies. This section is declaratory of existing law and shall not be construed or interpreted as creating new law or as modifying or changing existing law.

 Chapter 5. Fees For Development Projects

GO TO CALIFORNIA CODES ARCHIVE DIRECTORY

Cal Gov Code § 66006 (2012)

§ 66006. Fees for improvement of development project

(a) If a local agency requires the payment of a fee specified in subdivision (c) in connection with the approval of a development project, the local agency receiving the fee shall deposit it with the other fees for the improvement in a separate capital facilities account or fund in a manner to avoid any commingling of the fees with other revenues and funds of the local agency, except for temporary investments, and expend those fees solely for the purpose for which the fee was collected. Any interest income earned by moneys in the capital facilities account or fund shall also be deposited in that account or fund and shall be expended only for the purpose for which the fee was originally collected.

(b)

(1) For each separate account or fund established pursuant to subdivision (a), the local agency shall, within 180 days after the last day of each fiscal year, make available to the public the following information for the fiscal year:

(A) A brief description of the type of fee in the account or fund.

(B) The amount of the fee.

(C) The beginning and ending balance of the account or fund.

(D) The amount of the fees collected and the interest earned.

(E) An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.

(F) An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete.

(G) A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan.

(H) The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001.

(2) The local agency shall review the information made available to the public pursuant to paragraph (1) at the next regularly scheduled public meeting not less than 15 days after this information is made available to the public, as required by this subdivision. Notice of the time and place of the meeting, including the address where this information may be reviewed, shall be mailed, at least 15 days prior to the meeting, to any interested party who files a written request with the local agency for mailed notice of the meeting. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The legislative body may establish a reasonable annual charge for sending notices based on the estimated cost of providing the service.

(c) For purposes of this section, "fee" means any fee imposed to provide for an improvement to be constructed to serve a development project, or which is a fee for public improvements within the meaning of subdivision (b) of Section 66000, and that is imposed by the local agency as a condition of approving the development project.

(d) Any person may request an audit of any local agency fee or charge that is subject to Section 66023, including fees or charges of school districts, in accordance with that section.

(e) The Legislature finds and declares that untimely or improper allocation of development fees hinders economic growth and is, therefore, a matter of statewide interest and concern. It is, therefore, the intent of the Legislature that this section shall supersede all conflicting local laws and shall apply in charter cities.

 (f) At the time the local agency imposes a fee for public improvements on a specific development project, it shall identify the public improvement that the fee will be used to finance.
