

DEPARTMENTAL PURPOSE

The Solano County Library was established by the Board of Supervisors on April 6, 1914 under the County Free Library Law that was passed by the State legislature in 1909. Today, county libraries come under Education Code Title 1, Division 1, Part 11, Chapter 6, Articles 1-3, sections 19100-19180, which states, in part, that the Board of Supervisors may establish and maintain a County Free Library. There is no specific mandate related to the establishment of a County Free Library nor is a specific level of service required.

Budget Summary:

FY2021/22 Midyear Projection:	31,174,497
FY2022/23 Recommended:	27,827,806
County General Fund Contribution:	332,651
Percent County General Fund Supported:	1.2%
Total Employees (FTEs):	129.23

SIGNIFICANT CHALLENGES AND ACCOMPLISHMENTS

Challenges:

- The Department continues to explore additional funding sources to address increasing expenditures. The Department will pursue grant opportunities and work with its Foundation and Friends groups to help support ongoing library and literacy programming.
- The Department continues to explore different service delivery models to keep up with technology changes and to address the needs of the various age groups that the Library serves. There is an increased expectation for access to smart technology available through the Department's collections and meeting spaces.
- The Department modified its services as a result of the COVID-19 pandemic, increasing online access to digital materials and online programs. In FY2022/23, the Department will be working to expand access to library services by increasing user engagement and access through expanded in-person programming and outreach opportunities in partnership with other government agencies and community groups.

Accomplishments:

- The Department completed the implementation of its first book locker as a pick-up location for library materials located at the Vallejo First 5 Center along with a convenient book drop for returned items.
- The Department restored public access without restrictions to its library branches and expanded its service hours by opening on Saturdays at all locations, restoring evening hours and resuming Sunday hours at its three largest library branches. Community meeting rooms were made available for reservations and all public access computers were brought back online with no time usage restrictions. In-person programming resumed with outdoor storytimes and afternoon adventures, while online programming continued through various reading programs for all ages. In-person literacy tutoring resumed and online tutor training continued to be an option.
- The Department implemented *auto-renewal* of customer check-outs, allowing customer items to be renewed automatically without staff intervention and giving the customer extended time to enjoy their reading material.
- The Department expanded its digital collection to include *Freegal Music* – a 24/7 streaming service, *ProQuest Historical Newspapers™ Black Newspapers* database of historical Black newspapers, *BookFlix* where animated storybooks are paired with fact-based children's books, and *ArtistWorks* which provides musical instrument instruction for all levels of players; implemented laptop lending for check-out and home use; and introduced mental health kits and social justice kits for all ages.
- The Department issued an RFP for a new Integrated Library System, which is the customer database and catalog of materials, and will migrate to a new system which offers enhanced features and improved user experiences.

DEPARTMENTAL BUDGET SUMMARY

The Recommended Budget represents an increase of \$2,197,254 or 9.0% in revenues and a decrease of \$925,862 or 3.2% in appropriations when compared to the FY2021/22 Adopted Budget. As a result, use of Fund Balance decreased \$3,123,116 or 71.3%.

Primary Funding Sources

The primary funding sources for the Department are property taxes and a 1/8 of a penny voter approved sales tax dedicated to library services, which are directly tied to the economy. These revenue streams seem to have stabilized and have begun to slightly increase after many years of decline; however, these funding sources have been impacted as a result of the COVID-19 pandemic. The extent of the impact is ongoing and may require further revisions in FY2022/23. The Department continues to explore additional ways to minimize costs by streamlining services and programs while striving to maintain its level of services.

The FY2022/23 Recommended Budget includes a \$2,197,254 or 9.0% increase in revenues primarily due to the following:

- Property and sales tax revenues reflect an increase of \$1,431,350.
- Revenue from Use of Money/Property reflects a decrease of \$102,492 primarily due to a decrease in interest income.

Suzanne Olawski, Director of Library Services
Library Services

- Intergovernmental Revenues reflect a decrease of \$48,430 primarily due to a decrease in revenue received for automation services provided to Solano Partner Libraries & St. Helena (SPLASH) consortium.
- Charges for Services reflect an increase of \$958,130, primarily due to an increase in revenue for library services provided to the Vacaville Library District, Dixon Public Library and Law Library.
- Other Financing Sources reflect a decrease of \$30,123 primarily due to a reduction in property tax revenue Transfers-In from the four Library Zones as well as a decrease in County Contribution.
- The General Fund Contribution to the Library of \$332,651 reflects a decrease of \$11,181.

Primary Costs

The Recommended Budget of \$27,827,806 includes a \$925,862 or 3.2% decrease in appropriations primarily due to the following:

- Salaries and Employee Benefits reflect an increase of \$421,832 or 2.7% primarily due to scheduled step increases, increases in CalPERS retirement costs, and Accrued Leave Payout, offset by a decrease in Extra Help hours and insurance expenses.
- Services and Supplies reflect an increase of \$583,665 or 8.2% primarily due to an increase in liability insurance costs, other professional services for signage as part of library rebranding, and consulting services for facility master plan projects.
- Other Charges reflect a decrease of \$78,303 or 3.9% primarily due to a decrease in Countywide Admin Overhead, offset by an increase in Interfund Services due to an increase in costs for Sheriff Security Services resulting from re-opening of all library branches.
- Fixed Assets reflect a decrease of \$1,910,000 primarily due to the awarding of the energy conservation contract and literacy renovation contract in FY2021/22; slightly offset by an increase in computer equipment for an infrastructure upgrade project.

Contracts

The Recommended Budget includes a total of \$1,724,323 in contracted services, which includes the following significant contracts:

- \$500,000 for library signage upgrade project
- \$305,100 for maintenance of the integrated library system
- \$250,000 for consulting services to evaluate library facilities and designs and to carry out facility master plan projects
- \$281,902 for custodial services at eight library branches located in non-county owned buildings
- \$184,000 for inter-library borrowing and distribution of materials through Link+ and membership of a library consortium
- \$38,500 for fire and security alarm system inspections, monitoring, maintenance, and repair services
- \$33,821 for AMH (automated material handling) system equipment maintenance
- \$25,000 for collection services for delinquent Library accounts
- \$36,000 for collection management and development process support
- \$27,000 for cataloging and metadata services for library materials
- \$28,000 for maintenance services for RFID (Radio Frequency Identification) equipment
- \$15,000 for delivery services of Link+ materials

Fixed Assets

The FY2022/23 Recommended Budget includes the following fixed assets:

- \$1,200,000 for Phase 1 and Phase 2 of the infrastructure upgrade project needed to replace equipment at the end of useful life.
- \$500,000 associated with the workstation reconfiguration for Library's administrative office located at Fairfield Library's second floor.
- \$60,000 for an outreach van equipped with secured cargo space for staff to transport equipment and supplies needed for all outreach programs. The Library will conduct a wide range of outreach programs at various locations throughout Solano County to provide services for those who are infrequent users and/or traditionally underserved.
- \$10,000 to replace a microfilm/microfiche reader at the Rio Vista Library.

Reserves/Contingency

The FY2022/23 Recommended Budget includes an equipment contingency for SPLASH of \$317,357 (Fund 004-9304) for upgrades to the Library's automation system.

See related Budget Unit 9304 – Fund 004 Contingencies (refer to Contingencies section of the Budget).

DEPARTMENT COMMENTS

The Department is in the process of developing a new five-year strategic plan and anticipates further restructuring of its organization, functions, and program service delivery models in the context of new strategic initiatives. The Department is updating its information technology infrastructure and replacing end of life hardware which will streamline services and increase network speed. The Department expects to update the exterior signage at its facilities to reflect its new brand standards.

The Recommended Budget includes 129.23 FTEs, still below the staffing level of 142.1 FTEs in FY2009/10. The Department will continue to review staffing levels, delivery of library services, and ways to streamline or automate further.

SUMMARY OF POSITION CHANGES

There have been no changes in the position allocations since the adoption of the FY2021/22 Budget. All positions are funded with property and sales tax revenue dedicated to the Library Fund.

There are no position allocation changes in the FY2022/23 Recommended Budget.

STAFFING TREND**PENDING ISSUES AND POLICY CONSIDERATIONS**

The Department continues to address its structural operating deficit. However, with increases in personnel costs, library materials costs, supply and labor costs, and network upgrades, the Department will need to continue to work on keeping its budget balanced and address the structural deficit. The Department continues to rely on Fund Balance and one-time revenues to balance its annual budget.

The Department is in the process of migrating to a new integrative library system (ILS), a software package inclusive of the Library's customer database and catalog of materials, which will result in cost-savings with vendor-hosted, web-based services and improved user experiences. The Department is updating its information technology network, beginning with Wi-Fi upgrades, which will streamline services, increase network speed, and provide the library with a stable, efficient network based upon library infrastructure best practices. The Department will continue to implement its new branding by updating exterior signage at all the branch libraries for improved site visibility and brand recognition. The Department is initiating an update to its strategic plan, which will inform and prioritize department programs and services over the course of several years and challenge the Department to keep its budget balanced.

COVID-19 - The Recommended Budget was prepared during the continued response to the COVID-19 pandemic emergency. At this time, it is unclear if the FY2022/23 Budget will be additionally impacted by COVID-19, most specifically how customers may continue to utilize library services, how gatherings may take place moving forward, and how these impacts may affect revenue. Department staff will continue to monitor and evaluate COVID-19 impacts and will provide necessary revisions when verified.
