# Thursday, June 15, 2023 Vacaville Library Board Regular Meeting

Vacaville Unified School District Regular Library District Meeting

EDUCATIONAL SERVICES CENTER 401 Nut Tree Road Vacaville, California 95687 6:20 PM

VUSD Board of Trustees meetings are conducted according to Rosenberg's Rules of Order

In compliance with the Americans with Disabilities Act, for those requiring special assistance to access the Board meeting room, to access written documents being discussed at the Board meeting, or to otherwise participate at Board meetings, please contact the Superintendent's Office at (707) 453-6101. Notification at least 48 hours prior to the meeting will enable the District to make reasonable arrangements to ensure accessibility to the Board meeting and to provide any required accommodations, auxiliary aids or services.

Documents provided to a majority of the Governing Board regarding an open session item on this agenda will be made available for public inspection at the Educational Services Center located at 401 Nut Tree Road, Vacaville, CA 95687 during normal business hours. In addition, such writings and documents are posted to the District's website, https://www.vacavilleusd.org.

Final Resolution: Motion Passed

Yes: John Jansen, Michael Kitzes, Daniel Santellan, Santiago Serrato, Nancy Dunn

Action: C. Approval of Delegating Solano County Library Director to Enter Into Contract with Gilbane Building Company for the Cultural Center Library Expansion Project

The contract amount of \$150,000.00 was revised to \$225,000.00 as noted in Item 2.B.

It is requested that the Library District Board approve delegating authority to the Solano County Library Director to enter into a contract with Gilbane Building Company for the Cultural Center Library expansion project, in the amount not-to-exceed \$225,000.00.

Board Member Vote:

Motion by John Jansen, second by Daniel Santellan.

Final Resolution: Motion Passed

Yes: John Jansen, Michael Kitzes, Daniel Santellan, Santiago Serrato, Nancy Dunn

Action: D. Approval of Delegating Solano County Library Director to Enter Into Contract with Canon/Parkin, Inc. for the Cultural Center Library Expansion Project

It is requested that the Library District Board approve delegating authority to the Solano County Library Director to enter into a contract with Canon/Parkin, Inc. for the Cultural Center Library expansion project.

Board Member Vote:

Motion by John Jansen, second by Daniel Santellan.

Final Resolution: Motion Passed

Yes: John Jansen, Michael Kitzes, Daniel Santellan, Santiago Serrato, Nancy Dunn

#### 5. ADJOURNMENT

Procedural: A. Adjourn May 18, 2023 Meeting

There being no further business, President Kitzes adjourned the meeting at 8:15 p.m.

TO: Vacaville Unified School Board/Library Board of Trustees

FROM: Suzanne Olawski, Director of Library Services

SUBJECT: Proposed FY 2023/24 Budget for the Vacaville Public Library

DATE: June 15, 2023

Attached is the budget of \$15.68 million for the Vacaville Library District for FY2023/24. This amount is approximately \$520,534 less than the FY2022/23 revised budget which your Board passed in September 2023. Since this budget is the operating budget, it is exclusive of the \$15 million that you have set aside in a reserve fund. The budget is balanced with a good-sized contingency.

Some line items on the budget document are:

Line 2055 Insurance shows a projected 20% increase this year as the insurance agent for both facilities is anticipating an increase in rates.

Line 2140 Building Maintenance shows an increase of \$60,000 for potential lighting upgrades at the Town Square Library.

Line 2235 Accounting/Financial Services shows a slight decrease in audit costs.

Line 2236 Consulting Services shows an increase of \$20,000 for Town Square lighting consultation services.

Line 2250 Charge for Service for operating the Vacaville libraries shows an increase over due to an increase in salaries and benefits and higher utility costs.

Line 4202 Construction in Progress shows an increase for continued planning and design services for the renovation and expansion of the Cultural Center Library.

Line 8101 Contingencies shows a decrease due to increased expenditures inclusive of Construction in Progress and Charge for Service, and a decrease in the fund balance.

Line 8301 Reserves shows an increase due to allocating additional funds to the Vacaville Cultural Center Library project.

Lines 9001 shows small increase of \$240,658 in property tax revenue.

Line 9015 shows a small increase in sales tax revenue.

Line 9401 Interest shows an increase of \$188,300 reflective of current economic trends.

Line 9704 Developer Impact Fees shows a decrease of \$183,498 as the number of building permits declined.

Line 9806 Fund Balance Available shows a decrease of \$728,880 due to long-term loan payoff this fiscal year, offset by an increase in property tax and interest income.

# **MEMORANDUM**

DATE:

May 30, 2023

TO:

Independent Special Districts

FROM:

Phyllis S. Taynton, CPA

Auditor-Controller

SUBJECT: FY 2023/24 GANN Appropriations Limit and Revised Calculation of prior years' GANN Appropriations Limits

The Auditor-Controller has calculated the District's GANN Limit for FY 2023-24 per our Memorandum of Understanding (MOU) agreement. Under Government Code Section 7910 and Article XIIIB of the California Constitution, each year the governing body of each local jurisdiction shall, by resolution, establish its appropriations limit for the following fiscal year at a regularly scheduled meeting or noticed special meeting. Fifteen days prior to such meeting, documentation used in the determination of the appropriations limit shall be available to the public.

In determining the appropriations limit, the District has the option to use either the growth of the California Per Capita Income or the growth in the new non-residential construction within the District. For FY2023/24, the District's appropriations limit \$3,778,712 and was calculated based on the growth of the California Per Capita Income including the prior years' adjustment. Your board reserves the right to select the higher of the two factors when it becomes available and may delegate authority to the Auditor-Controller to implement the most advantageous method for the District.

In August 2019, our office recalculated the VVUSD's GANN limit based on a \$40,000 adjustment resulting from the jurisdictional changes between the Vacaville Unified School District (VVUSD) and Dixon Public Library. Upon further review, it was determined that the final adjustment should have been \$45,965. As a result, we have recalculated the GANN limit as follows:

	FY 1718	FY 1819	FY 1920	FY 2021	FY 2122	FY 2223	FY 2324*
GANN Limit as Approved by the Board							
based on the \$40,000 adjustment	2,829,120	2,958,172	3,076,670	3,202,281	3,394,236	3,629,328	3,636,981
Additional adjustment for the \$45,965	5,965						
Recalculated GANN Limit	2,835,085	2,964,409	3,083,157	3,209,033	3,401,392	3,636,981	3,778,712
ADJUSTMENT FACTORS							
CALIFORNIA CONSUMER PRICE INDEX (CPI):		1.03670	1.0385	1.0373	1.0573	1.0755	1.0444
POPULATION GROWTH (SOLANO COUNTY) (PG):		1.00860	1.0015	1.0034	1.0025	0.9942	0.9948
COMBINED FACTOR (CPI x PG):		1.0456	1.0401	1.0408	1.0599	1.0693	1.0390

To acknowledge corrections for the prior years –
 "The \_\_\_\_\_\_(District), acknowledges and approves the recalculation of the Appropriations Limits retroactively using the corrected value resulting from the jurisdictional changes."
 To delegate authority to the Auditor-Controller for FY2023/24 "The \_\_\_\_\_\_(District) reserves the right, power, and authority to use the percentage change in the local assessment roll method for calculating the Appropriations Limits for FY 2023/24, if the method is more advantageous to the District, once that information becomes available, and authorizes the Auditor-Controller to implement the most advantageous method."

Please provide a copy of the Board's resolution adopting the District's GANN Appropriation Limit.

If you have any questions regarding the above information, please call Sheila Turgo at (707) 784-

2956.

# VACAVILLE LIBRARY DISTRICT

# **RESOLUTION NO. 2, 2022-23**

# RESOLUTION FOR ADOPTING THE GANN LIMIT

WHEREAS, in November 1979 the California electorate adopted Proposition 4, commonly called the Gann Amendment, which added Article XIIIB to the California Constitution; and

WHEREAS, the provisions of that Article establish maximum appropriations limits, commonly called "Gann Limits," for public agencies including school districts; and

WHEREAS, the Vacaville Library District ("District") must establish a Gann Limit for the 2023-24 fiscal year in accordance with the provisions of Article XIIIB and applicable statutory law.

NOW, THEREFORE, BE IT RESOLVED, that the District does provide public notice that the calculations and documentation of the Gann Limit for the 2023-24 fiscal year are made in accordance with applicable constitutional and statutory law and that the Gann Limit is \$3,778,712.00 pursuant to Government Code Section 7902.1; and

BE IT FURTHER RESOLVED that the District does hereby declare that the appropriations in the Budget for the 2023-24 fiscal year do not exceed the limitations imposed by Proposition 4; and

BE IT FURTHER RESOLVED that the Superintendent provides copies of this Resolution along with appropriate attachments to interested citizens of this District; and

BE IT FURTHER RESOLVED, that the District acknowledges and approves the recalculation of the Appropriations Limits retroactively using the corrected value resulting from the jurisdictional changes; and

BE IT FURTHER RESOLVED that the District reserves the right, power, and authority to use the percentage change in the local assessment roll method for calculating the Appropriations Limits for Fiscal Year 2023-24, if the method is more advantageous to the District, once that information becomes available, and authorizes the Auditor-Controller to implement the most advantageous method.

PASSED AND ADOPTED by the Vacaville Library District, Vacaville, Solano County, California, this 15<sup>th</sup> day of June 2023 by the following votes:

AYES:		
NOES:		

ABSENT:
ABSTAIN:
$\underline{CERTIFICATION}$
I, Michael Kitzes, President of the Vacaville Library District Board, do hereby certify that the foregoing is a true and correct copy of a Resolution adopted by the said Board at a regular meeting thereof at the time and by the vote above stated, which Resolution is on file in the administrative offices of said School District.

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees Vacaville Unified School District Library District Vacaville, California

# Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the Vacaville Unified School District Library District (the District) as of and for the years ended June 30, 2021 and 2020 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District as of June 30, 2021 and 2020, and the respective changes in financial position for the years then ended in

To the Board of Trustees Vacaville Unified School District Library District

accordance with accounting principles generally accepted in the United States of America as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

#### **Correction of Errors**

As discussed in Note H to the financial statements, errors were discovered by management of the District that resulted in the understatement of public facilities fees receivable and accrued interest payable as of July 1, 2019. Accordingly, adjustments have been made to the governmental activities net position and fund balance of the General Fund as of July 1, 2019, to correct the errors. Our opinion is not modified with respect to this matter.

#### **Other Matters**

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules of revenues, expenditures and changes in fund balance - budget and actual – General Fund, as listed in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Richardson & Company, LLP

Management's Discussion and Analysis June 30, 2021 and 2020

This section of Vacaville Library Districts' (the District) basic financial statements presents management's overview and analysis of the financial activities of the District for the fiscal year ended June 30, 20211 and 2020. We encourage the reader to consider the information presented here in conjunction with the financial statements as a whole.

#### Introduction to the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's audited financial statements, which are comprised of the basic financial statements (pages 9-25). This annual report is prepared in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements — and Management's Discussion and Analysis — for States and Local Governments.

The required financial statements include the Government-wide Statement of Net Position and Statement of Activities and the General Fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance. A General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual is included as Required Supplemental information.

There statements are supported by notes to the financial statements. All sections must be considered together to obtain a complete understanding of the financial picture of the District.

### The Basic Financial Statements

The Basic Financial Statements comprise the Government-wide Financial Statements and the Fund Financial Statements; these two sets of financial statements provide two different views of the District's financial activities and financial position.

The Government-wide Financial Statements provide a longer-term view of the District's activities as a whole and are comprised of the Balance Sheet and the Statement of Activities. The Balance Sheet provides information about the financial position of the District as a whole, similar to that used by private companies. The Statement of Activities provides information about all of the District's revenues and all of its expenses, also on the modified accrual basis, with an emphasis on measuring net revenues or expenses of the District's programs. The Statement of Activities explains in detail the change in net position for the year.

All of the District's activities are reported as Governmental Activities, as explained below.

The Fund Financial Statements report the District's operations in more detail than the Government-wide statements and focus primarily on the short-term activities of the District's General Fund. The Fund Financial Statements measure only current revenues, expenditures and fund balances; they exclude capital assets, long-term debt and other long-term amounts.

Management's Discussion and Analysis June 30, 2021 and 2020

# The Government-wide Financial Statements

Government-wide Financial Statements are designed to provide readers with a broad overview of the District's finances.

The statement of net position presents information on the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the remaining balance reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

#### **Fund Financial Statements**

The Fund Financial Statements provide detailed information about the District's General Fund, which is the only major fund. The concept of major funds, and the determination of which are major funds, was established by GASB Statement No. 34 and replaces the concept of combining like funds and presenting them in total. Instead, each major fund is presented individually, with all non-major funds summarized and presented only in a single column. Major funds present the major activities of the District for the year and may change from year-to-year as a result of changes in the pattern of the District's activities.

Governmental Fund Financial Statements are prepared on the modified accrual basis, which means they measure only current financial resources and uses. Capital assets and other long-lived assets, along with long-term liabilities, are not presented in the Governmental Fund Financial Statements.

Comparisons of budget and actual financial information are presented for the General Fund as required supplementary information.

# Government-wide Financial Analysis

2021: Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$20,461,509 at the close of the most recent fiscal year. Net position includes \$2,140,123 net investment in capital assets, \$3,153,603 restricted for grant programs and \$15,167,783 that is unrestricted. The District's unrestricted net position increased 19% during the year due to the significant amount of property tax revenues and rents available to offset the net program expenses.

2020: Assets exceeded liabilities by \$17,286,993 at the close of fiscal year 2020. Net position includes \$2,318,451 net investment in capital assets, \$2,264,420 restricted for grant programs and \$12,704,122 that is unrestricted. The District's unrestricted net position increased 35% during the year due to significant amount of property tax revenues and rents available to offset the net program expenses.

# Management's Discussion and Analysis June 30, 2021 and 2020

The following table summarizes the changes in the District's Condensed Government-wide Balance Sheets:

#### CONDENSED BALANCE SHEETS

	June 30,				June 30,		
	2021	2020	Change	%	2019	Change	%
ASSETS							
Current and other assets	\$ 16,218,074	\$ 13,742,410	\$ 2,475,664	18%	\$ 11,987,303	\$ 1,755,107	15%

Capital assets, net	3,301,722	3,567,902	(266, 180)	7%	3,832,083	(264,181)	-7%
•							
Total assets	\$21,642,468	\$18,559,313	\$3,083,155	17%	\$15,819,386	2,739,927	<u>17%</u>
LIABILITIES							
Long-term liabilities	\$ 1,161,599	\$ 1,249,451	\$ (87,852)	-7%	\$ 1,332,422	\$ (82,971)	-6%
Other liabilities	19,360	22,869	(3,509)	<u>-15%</u>	16,710	6,159	37%
Total liabilities	1,180,959	1,272,320	(91,361)	-7%	1,349,132	(76,812)	-6%
NET POSITION							
Investment in capital assets	2,140,123	2,318,451	(178,328)	-8%	2,499,661	(181,210)	-7%
Restricted	3,153,603	2,264,420	889,183	39%	2,546,987	(282,567)	-11%
Unrestricted	15,167,783	12,704,122	2,463,661	19%	9,423,606	3,280,516	35%
Total net position	20,461,509	17,286,993	3,174,516	18%	14,470,254	2,816,739	19%
- 1							
Total liabilities and net position	\$21,642,468	\$18,559,313	\$3,083,155	17%	\$15,819,386	\$2,739,927	17%

**Current and other assets:** Current assets increased by 18% and 15% during 2021 and 2020, respectively. The increase is due to favorable operations during the fiscal years resulting in an increase to the District's cash balance.

**Restricted cash and investment:** Restricted cash reflected significant increases of 70% due to favorable Public Facilities Fees collected. Restricted cash was separately reported for the first time in 2021.

Capital assets: Capital assets decreased by 7% in both 2021 and 2020 due to the District's depreciation expense.

**Long-term liabilities:** Long-term liabilities decreased by 7% and 6% in 2021 and 2020, respectively, due to the District's annual principal payment on the outstanding loan for construction of the Town Square Library.

**Other liabilities:** The decrease of 15% in 2021 and increase of 37% in 2020 in other liabilities results from changes in accounts payable which comprise amounts issued to vendors for payment of supplies and services.

Governmental activities increased the District's net position by \$3,174,516 and 2,816,739 in 2021 and 2020, respectively, due to the changes discussed above.

Management's Discussion and Analysis June 30, 2021 and 2020

The following table summarizes the changes in the District's Condensed Government-wide Statement of Activities:

#### CONDENSED STATEMENTS OF ACTIVITIES

	June 30.				June 30.		
	2021	2020	Change	%	2019	Change	0/g
REVENUES							
Program revenues:							
Charges for services	\$ 150,000	\$ 150,000	\$	0%	\$ 150,000	S ==8	0%
Operating grants and contributions	4,126,107	3.341.004	785.103	23%	2.876.942	464.062	16%
General revenues:							
Property taxes	3,542,908	3.351.946	190.962	6%	3.290,177	61.769	2%
Building rental income	266.910	262.330	4.580	2%	255,214	7.116	3%
Interest income	46.583	345.054	(298,471)	-86%	224.325	120.729	54%

Other revenue				0%	6.862	(6,862)	-100%
Total revenues	8,132,829	7,450,650	682,179	9%	6.804,417	646.233	9%
EXPENSES							
Education	4.958.313	5.037.644	(79,331)	-2%	4.959,671	77.973	2%
Change in net position	3,174.516	2,413,006	761,510	32%	1,844,746	568.260	31%
Net position, beginning of year Restatement	17,286,993	14,470,254 403,733	2,816,739 (403,733)	19% -100%	12,625,508	1.844,746 403.733	15% 100%
Net position, beginning of year - as restated	17,286,993	14,873,987	2,413,006	16%	12,625,508	2.248,479	18%
Net position, end of year	\$ 20,461,509	\$ 17,286,993	\$ 3.174.516	18%	\$ 14,470,254	\$ 2,816,739	19%

The key elements in the significant changes in net position are as follows:

**Program revenues:** The program revenues increased 23% and 16% in 2021 and 2020, respectively, as a result of increases in Measure L Library Sales Tax. The District has no control over the annual allocations received from the funding source. Measure L sales tax fluctuates based on overall consumer spending.

General revenues: General revenues increased approximately 6% and 2% in 2021 and 2020, respectively, in property tax revenue. Interest income decreased 86% and increased 54% in 2021 and 2020, respectively, in interest income. The increase in property tax revenue is driven by the assessed value of properties within the District's geographical boundaries and includes both existing and new construction. The changes in interest income reflects the current economic trends. The overall change was insignificant -3% from fiscal year 2019/20 to 2020/21 and 5% from fiscal year 2018/19 to 2019/20.

**Program expenses:** Program expenses totaled \$4,958,313 and \$5,037,644 in fiscal year 2020/21 and 1019/20, respectively. The decrease of \$79,331 is due to building improvement project and contribution to participate in development of the Facilities Master Plan took place in FY2019/20.

Management's Discussion and Analysis June 30, 2021 and 2020

# **Analyses of Major Funds**

### Governmental Funds

At June 30, 2021 and 2020, the District's governmental fund reported an ending fund balance of \$18,340,746 and \$14,989,366, respectively. This represents an increase of \$3,351,380 and \$3,018,773 for 2021 and 2020, respectively.

Governmental revenues totaled \$8,132,829 and \$7,450,650 in fiscal years 2020/21 and 2019/20, respectively. This represents an increase of \$682,179 for fiscal year 2020/21 that is due to increases of \$769,591 and \$190,962 in Measure L Library Sales Tax revenue and property taxes, respectively, offset by a decrease of \$298,471 in Interest income. An increase of \$646,233 for fiscal year 2019/20 is due to increase of \$700,272 and \$120,729 in Public Facilities Fees and Interest income, respectively, offset by a decrease of \$236,210 in Measure L Library Sales Tax revenue. Measure L sales tax fluctuates based on overall consumer spending, property tax is driven by the assessed value of properties within the District's geographical boundaries, Public Facilities Fees are generated from the issuance of building permits within the City of Vacaville. Interest income reflects the current economic trends.

Governmental expenditures totaled \$4,958,313 and \$5,037,644 in fiscal year 2020/21 and 2019/20, respectively. This represents a decrease of \$79,331 and an increase of \$77,973 in 2021 and 2020, respectively, that is primarily due to library building maintenance project and contribution to participate in development of the Facilities Master Plan took place in FY2019/20.

# **Budget Highlights**

The General Fund budget (Adopted and Final versions) is reflected in the Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual – General Fund, as presented on pages 24-25 in the Required Supplementary Information (RSI) section of this report.

The FY 2020/21 budgeted revenues and expenses were \$6,786,729 and \$4,959,761, respectively. Actual revenues and expenditures were \$8,132,829 and \$4,781,449, respectively. Revenues recognized exceeded budget by \$1,346,100 and expenditures incurred were less than budget by \$178,312. This was the result of the District receiving more Measure L Library sales tax and property tax than anticipated. Appropriations for capital outlay were under-utilized by \$350,000, while the professional and specialized services expenditures were exceeded by \$185,446 resulting from an increase in contracted services.

The FY 2019/20 budgeted revenues and expenses were \$6,730,553 and \$5,466,901, respectively. Actual revenues and expenditures were \$7,450,650 and \$4,857,817, respectively. Revenues recognized exceeded budget by \$720,097 and expenditures incurred were less than budget by \$609,084. This was the result of the District receiving more Public Facilities Fees and interest income than anticipated. The District has no control over the annual allocation received from Public Facilities Fees which are generated from the issuance of building permits within the City of Vacaville. Appropriations for contracted services and capital outlay were under-utilized by \$239,602 and \$348,000, respectively.

Management's Discussion and Analysis June 30, 2021 and 2020

# **Capital Assets**

The District's investment in capital assets as of June 30, 2021 and 2020 totaled \$3,301,722 and \$3,567,902 (net of accumulated depreciation), respectively. This investment in capital assets includes land, equipment (which is fully depreciated), structures and improvements and construction in progress. The net capital assets decreased by \$266,180 and \$264,181 at June 30, 2021 and 2020, respectively.

The District continues the multi-year Vacaville Cultural Center Library expansion project, adding to the construction in progress capital asset. There were no other capital asset acquisitions incurred during either fiscal year.

#### **Debt Administration**

At June 30, 2021 and 2020 the District had \$1,161,599 and \$1,249,451, respectively, of long term debt made up entirely of a notes payable agreement with the former Vacaville Redevelopment Agency (administered by the City of Vacaville Successor Agency) for the construction of the Town Square Library. These amounts are entirely backed by the full faith and credit of the District.

# **Economic Outlook and Major Initiatives**

The following factors were considered in preparing the District's budget for the fiscal year 2021/22:

• The Council will continue to maintain a watchful eye over expenditures and remain committed to sound fiscal management practices to deliver the highest quality service to the citizens of the area. Excess funds resulting from the outcome of fiscal year operations will continue to be transferred to the Reserve Fund Balance account which was established for future expansion/remodel projects of the two library facilities.

# Contacting the Council's Financial Management

This comprehensive Annual Financial Report is intended to provide citizens, taxpayers, and creditors with a general overview of the District's finances. Questions about this report should be directed to the Vacaville Unified School District Board of Education (District's Governing Board of Library Trustees), 401 Nut Tree Road, Vacaville, CA 95687.

## RECONCILIATION OF THE GOVERMENTAL FUND STATEMENTS OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE GOVERNMENT-WIDE STATEMENTS OF ACTIVITIES

For the years ended June 30, 2021 and 2020

Net change in fund balance - governmental funds, for the year ended June 30, 2021	\$ 3,351,380
Amounts reported for governmental activities in the statement of activities are different because	e:
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated used lives as depreciation expense.  Depreciation expense	(266,180)
Governmental funds report debt issuances as other financing sources and debt principal payments as expenditures. However, in the statement of activities, borrowings and repayments of principal on debt increase and reduce long-term liabilities in the statement of net position.	
Debt principal payments	87,852
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Change in accrued interest payable	1,464
Change in net position - governmental activities, for the year ended June 30, 2021	\$ 3,174,516
Net change in fund balance - governmental funds, for the year ended June 30, 2020  Amounts reported for governmental funds in the statement of activities are different because:	\$ 2,592,833
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated used lives as depreciation expense:	0.000
Capital outlay Depreciation expense	2,000 (266,181)
Governmental funds report debt issuances as other financing sources and debt principal payments as expenditures. However, in the statement of activities, borrowings and repayments of principal on debt increase and reduce long-term liabilities in the statement of net position.	
Debt principal payments	82,971
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Change in accrued interest payable	1,383
Change in net position - governmental activities, for the year ended June 30, 2020	\$ 2,413,006

## VACAVILLE UNIFIED SCHOOL DISTRICT LIBRARY DISTRICT NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2021 and 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Vacaville Unified School District Library District (District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies of the District are described below.

<u>Description of Reporting Entity</u>: The Vacaville School District Library District of Solano County was established on November 11, 1912 to serve as the community's library. As a Special District Library, the District operates independent of any city or county agency's political or financial control. The District operates under Division 1, Part II, Chapter 3, Article 8 of the Education Code, §18440-18452, and the general provisions of the Library Code governing the Unified School Districts and Union High School Districts Public Libraries. The District currently operates two library branches, the Cultural Center and Town Square branches.

The District is governed by a seven-member Governing Board of Library Trustees who are also the elected school board for the Vacaville Unified School District. The Board members serve a four-year term. The Board of Library Trustees appoints a five-member Board of Library Commissioners who acts for the Board of Library Trustees in reviewing and advising on matters relating to library operations and policies. The Library Commission members are appointed to a three-year term.

Basis of Presentation – Government-wide and Fund Financial Statements: The government-wide financial statements (i.e., the statement of net position and the statement of activities) display information about the primary government (the District). The Statement of Activities demonstrates the degree to which the direct expenses of a given function is offset by program revenues. Direct expenses are clearly identified with a specific function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants, and contributions that are restricted to the financing of the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants, entitlements and contributions. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied.

The accounts of the District are organized on the basis of funds. A fund is a separate accounting entity with a self-balancing set of accounts. All of the District's activities are reported in the General Fund, which is the District's primary operating fund and a major fund. It accounts for all financial resources of the District.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues to be available if they are collected within 90 days of the end of the current fiscal period or 60 days for property taxes. Expenditures generally are recorded when a liability is

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

## NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

incurred, as under accrual accounting. However, debt service expenditures and claims and judgements are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds from long-term debt are reported as other financing sources.

Secured property taxes, library sales tax, licenses, grant and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements are met. All other revenue items are considered to be measurable and available only when cash is received by the District.

<u>Budgets</u>: Budgets are adopted on a basis consistent with generally accepted accounting principles and in accordance with the District's policy and procedure. Budgetary control is exercised by major object. All budgetary changes during the fiscal year require the approval of the District's Governing Board of Library Trustees. Unencumbered budget appropriations lapse at the end of the fiscal year.

<u>Risk Management</u>: The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District continues to carry commercial insurance for all risks of loss, including general liability, business automobile liability, property, errors and omissions, and fraud insurance.

Restricted Cash and Investments: Restricted cash and investments consists of unspent public facilities fees (development impact fees) collected by the County of Solano on the District's behalf. The impact fees are required to be spent on public facilities by Chapter 11, Article X of the Solano County Code and County Resolution 2019-156, including expanding library buildings, book holdings, audio/visual and computer equipment, and automation systems.

<u>Capital Assets</u>: Capital assets are recorded in the government-wide statements and are stated at historical cost or estimated historical cost if actual historical cost is not available. The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend asset lives are not capitalized. Contributed capital assets are recorded at their acquisition value, which is the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date.

Capital assets are defined by the District as assets with an initial cost of more than \$5,000 and a useful life of three years or longer. The cost of assets sold or retired are eliminated from the accounts in the year of sale or retirement and the resulting gain or loss is included in the government-wide statement of activities. In governmental funds, the sale of general capital assets is included in the statement of revenues, expenditures and changes in fund balances as proceeds from sale. Depreciation is recorded using the straight-line method over the useful lives of the assets as follows:

Capital Asset Category	Estimated Useful Life
Computer equipment	3-5 years
Office equipment	3-5 years
Specialty equipment	5-7 years
Buildings and improvements	5-15 years

<u>Fund Balance</u>: In the fund financial statements, governmental funds report nonspendable, restricted, committed, assigned and unassigned balances.

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Nonspendable Funds – Fund balance should be reported as nonspendable when the amounts cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Nonspendable balances are not expected to be converted to cash within the next operating cycle, such as prepaid costs. The District had no nonspendable fund balance.

<u>Restricted Funds</u> – Fund balance should be reported as restricted when constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Amounts reported as restricted funds represent public facility fees collected for future qualifying expenditures.

<u>Committed Funds</u> – Fund balance should be reported as committed when the amounts can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, which is a Resolution of the Board of Trustees. These amounts cannot be used for any other purpose unless the Board modifies or removes the fund balance commitment with another Resolution of the Board of Trustees. Committed fund balance represents the capital replacement fund approved by the Board of Trustees for replacement or necessary improvement of fleet and facilities that exceeds routine maintenance.

<u>Assigned Funds</u> – Fund balance should be reported as assigned when the amounts are constrained by the government's intent to be used for specific purposes but are neither restricted nor committed.

<u>Unassigned Funds</u> – Unassigned fund balance is the residual classification of the District's funds and includes all spendable amounts that have not been restricted, committed, or assigned to specific purposes.

<u>Net Position</u>: The government-wide financial statements report net position. Net position is categorized as net investment in capital assets, restricted and unrestricted.

Net Investment in Capital Assets – This category groups all capital assets into one component of net position. The outstanding balance of debt that is attributable to the acquisition, construction or improvement of the assets reduces the balance in this category.

<u>Restricted Net Position</u> – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted Net Position</u> – This category represents net position of the District not restricted for any project or other purpose.

When both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first and then unrestricted resources as they are needed. In circumstances when expenditures may be made from multiple fund balance classifications, the use of fund balance will be applied in the following order: Restricted, committed, assigned and then unassigned.

<u>Property Taxes</u>: The County is responsible for assessing, collecting and apportioning property taxes. Article XIII A of the California Constitution (Proposition 13) provides that the combined maximum property tax rate on any given property may not exceed one percent of its assessed value unless an

## NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value as defined by Article XLLL A and may be adjusted upward by no more than two percent per year unless the property is sold or transferred. The State Legislature has determined the method of distributing receipts from a one percent tax levy among the counties, cities, school districts and other districts.

Property taxes become a lien on the first day of the year they are levied. Secured property tax is levied on October 1 and due in two installments, on November 1 and February 1. They become delinquent on December 11 and April 11, respectively. Unsecured property taxes are levied on July 1 and become delinquent on August 31. The District elected to receive the property taxes from the County under the Teeter Bill Program. Under this Program, the District receives 100% of the levied property taxes in periodic payments, with the County assuming responsibility for delinquencies.

Measure L Sales Tax: On June 2, 1998, voters approved Measure B which imposed a 1/8<sup>th</sup> cent sales tax within Solano County for 16 years. The sales tax revenue is restricted for use in funding public library operations, programs and acquisitions within Solano County. On June 5, 2012, voters approved the renewal of this tax under Measure L commencing October 1, 2014 for 16 years.

<u>Use of Estimates</u>: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from these estimates.

New Pronouncements: In June 2017, the GASB issued Statement No. 87, Leases. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange like transaction. Examples of nonfinancial assets include buildings, land, vehicles, and equipment. Any contract that meets this definition should be accounted for under the lease guidance, unless specifically excluded in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

In May 2020, the GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements (SBITA). This Statement 1) defines the term SBITA; 2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability; 3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs to a SBITA; and 4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITA are based on the standards established in Statement No. 87, Leases, as amended. This statement is effective for fiscal years beginning after June 15, 2022.

The District is currently analyzing the impact of the required implementation of these new statements.

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE B – CASH AND INVESTMENTS

As of June 30, 2021 and 2020, the District's cash and investments consisted of the following:

		2021	
Cash and investments - unrestricted Cash and investments - restricted		\$ 14,152,744 2,122,672	\$11,794,017 1,249,001
	Total cash and investments	\$ 16,275,416	\$ 13,043,018

<u>Investment in the County of Solano's Investment Pool</u>: The District is required to invest in the County of Solano (the County) cash and investment pool under Section 18450 of the Education Code. The County's investment pool is managed by the County Treasurer. The County does not invest in any derivative financial products. The County Treasury Investment Oversight Committee has oversight responsibility for the investment pool. The value of pool shares in Solano County that may be withdrawn is determined

on an amortized cost basis, which is different than the fair value of the District's position in the pool. Investments held in the County's investment pool are available on demand to the District and are stated at fair value. Interest is allocated quarterly based on average daily cash balances of pool participants. This investment is not subject to categorization under GASB No. 3. As of June 30, 2021 and 2020, the weighted average maturity of the investments contained in the County's investment pool was approximately 301 and 354 days, respectively.

<u>Interest Rate Risk</u>: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

<u>Credit Risk</u>: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating issued by a nationally recognized statistical rating organization. The County's investment pool does not have a rating provided by a nationally recognized statistical rating organization.

<u>Custodial Credit Risk</u>: Custodial credit risk is the risk that a government will not be able to recover its deposits or its investments that are in the possession of an outside party. Custodial credit risk does not apply to a local government's indirect deposits or investment in securities through the use of government investment pools (such as the County's investment pool).

The District received a loan from the Vacaville Redevelopment Agency (Redevelopment Agency) in the amount of \$3,895,000 on August 9, 2001 to provide funds for the construction of the Town Square Library facility, which is secured by a lien on the facility. The annual interest rate ranges between 4% and 5% which is based on the overall rate the Redevelopment Agency pays on its bonds from the date of issuance of the bonds until the loan is repaid. The Redevelopment Agency was administered by the City of Vacaville until the dissolution of Redevelopment Agencies in February 2012. The District's loan from the Redevelopment Agency is currently being administered by the Vacaville Successor Agency. Annual principal payments ranging from \$53,687 to \$141,539 are due each September 1 through September 1, 2030 and semi-annual interest payments ranging from \$3,538 to \$49,286 are due on each March 1 and September 1 through September 1, 2030.

The District's annual interest and principal payments due as of June 30, 2021 and 2020 are as follows:

Jui	ne 30	, 2021		Ju	ne 30	, 2020

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE E - PUBLIC FACILITIES FEES

The County collects public facilities fees on the District behalf under Chapter 11, Article X of the Solano County Code and County Resolution 2019-156. The use of public facilities fees (i.e. development impact fees) is restricted to expanding library buildings, book holdings, audio/visual and computer equipment, and automation systems. Changes in unspent public facilities fees reported as restricted cash and investments were as follows during the years ended June 30, 2021 and 2020:

	2021	2020
Cash and investments available at beginning of the year Add fees and investment income collected in cash	\$ 1,249,001 1,021,799	\$ 1,001,866 456,078
Less qualifying expenditures  Cash and investments available at the end of the year	(148,128) 2,122,672 1,030,931	(208,943) 1,249,001 1,015,419
Add public facilities fees receivable  Fund balance/net position restricted for public facilities fees	\$ 3,153,603	\$ 2,264,420

## NOTE F - SERVICES AGREEMENT WITH THE COUNTY OF SOLANO

In April 20, 2006, the District entered into an agreement for library administrator, managerial, and related library services with the County of Solano. The agreement provides for the District to compensate the County for the operating costs of the two Vacaville Library branches. The operating costs are offset by credits for fines and fees, grants and property taxes for area codes which fall outside the District's boundaries, but within the city limits of Vacaville. At the conclusion of each fiscal year, the County determines the actual cost of operating the Vacaville Library and compares it to the budgeted operating expenditures for the same fiscal year. Any remaining balance is credited back to the District in the following fiscal year under the agreement, which is accrued as a credit receivable from the County each year-end. The credit on charges for services for the years ended June 30, 2021 and June 30, 2020 were \$431,663 and \$187,988, respectively.

## NOTE G - COMMITMENTS AND CONTINGENCIES

<u>Contingencies</u>: The District is a party to claims and lawsuits arising in the normal course if business. The District's management does not believe that the ultimate liability, if any, arising from these claims will have a material adverse impact on the financial position of the District.

The District is dependent upon property tax and Measure L sales tax revenue. A significant decline in these revenue sources could have a significant impact on the District's operations.

<u>COVID-19 Pandemic</u>: The spread of the novel strain of coronavirus (known as "COVID-19") has had significant negative impacts throughout the world, including California. The World Health Organization declared the COVID-19 outbreak to be a pandemic in March 2020, and states of emergency have been declared by the United States, the State of California, and numerous counties throughout the State, including Solano County. Impacts of the COVID-19 outbreak to the District include, but are not limited to, an increase in the cost of operations or a reduction of revenue sources, but the ultimate impacts of the outbreak are currently unknown.

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE G – COMMITMENTS AND CONTINGENCIES (Continued)

<u>Commitments</u>: In July 2016, the District approved an agreement to share property tax revenues with Dixon Public Library District. The District will pay approximately \$40,000 annually over a period of 20 years as compensation for a boundary dispute dating back to 1968 that was settled in February 2016.

#### NOTE H - RESTATEMENTS

During the year ended June 30, 2020, the District discovered that public facilities fees (i.e. development impact fees) and accrued interest payable on the loan described in Note D were inadvertently recorded on the cash basis rather than the accrual basis as required by generally accepted accounting principles. Public facilities fees collected by the County of Solano on the District's behalf and accrued interest payable on the loan were not accrued as revenues and expenses, respectively, as of June 30, 2019. The District corrected these errors during the year ended June 30, 2020. The accrual of public facilities fees resulted in an increase in fund balance in the General Fund of \$425,940 and an increase in net position in the government-wide statements of the same amount as of July 1, 2019 and the accrual of the accrued interest payable on the loan resulted in a decrease in net position in the government-wide statements of \$22,207 as of July 1, 2019.

#### NOTE I – SUBSEQUENT EVENTS

Lease Agreement: In December 2021 and February 2022, the District entered into lease agreements for five public copiers and two staff copiers, respectively, that have fixed payments for 60 months and contain successive renewal periods of 12 months at the same terms. If the District defaults on the leases, the lessor has the option to cancel the agreement and require the District to repay the unpaid balance under the agreement, including any future payments to the end of the term plus the residual value of the copiers, both discounted to present value at 2%. The lessor also has the right to recover default interest on any unpaid amount at 12% per year and may recover and sell the equipment and apply the proceeds to the unpaid balance. The District has the right to cancel the lease subject to the terms above if the Board of Trustees does not appropriate funds for the lease payments. The public copier lease payments began in February 2022 and the staff copier lease payments began in April 2022. Future lease payments are as follows:

Year Ended June 30,	
2022	\$ 4,163
2023	11,118
2024	11,118
2025	11,118
2026	11,118
Thereafter	6,953
Total	\$ 55,588

<u>Pay-off of Loan Payable</u>: In July 2022, the District paid-off in full the loan from the Vacaville Redevelopment Agency using \$1,091,134 in previously unspent public facilities fees.

## INDEPENDENT ACCOUNTANTS' REPORT ON AGREED-UPON PROCEDURES APPLIED TO APPROPRIATIONS LIMIT TESTING

To the Board of Trustees Vacaville Unified School District Library District Vacaville, California

We have performed the procedures enumerated below to the accompanying calculation of the Appropriations Limit of the Vacaville Unified School District Library District (the District) for the years ended June 30, 2021 and 2020. The District's management is responsible for complying with the Appropriations Limit Calculation. The District and the League of California Cities (as presented in the publication entitled Agreed-Upon Procedures applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution) have agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose to assist the District in meeting the requirements of Section 1.5 of Article XIIIB of the California Constitution. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures performed and our findings were as follows:

1. We obtained the District's calculation of the 2020/2021 and 2019/2020 Appropriations Limit and compared the limit and annual adjustment factors included in the calculation to the limit and annual adjustment factors that were adopted by resolution of the Board of Trustees.

Finding: No exceptions were noted as a result of our procedures.

2. We compared the methodology used to determine the cost-of-living adjustment component to Article XIIIB, which states that the District may annually adjust the component for either the change in California per capita personal income or, the percentage change in the District's assessed valuation which is attributable to non-residential new construction. We recalculated the factor based on the above information.

Finding: It appeared that the 2021 calculation began with a different 2020 ending Appropriations Limit of \$3,076,670 as the starting point for the 2021 limit rather than the 2020 Appropriations Limit of \$3,083,157.

Recommendation: We recommend the District revise the 2021 Appropriations Limit Calculation to reflect the final 2020 Appropriations Limit amount in the 2021 Appropriations Limit Calculation. This will also affect the beginning amount used in the 2022 Appropriations Limit Calculation.

3. We compared the methodology used to determine the population adjustment component to Article XIIIB which states that the District may annually choose to adjust the component for either the change in population in the County in which the District is located, or the change in population within the unincorporated area of the County in which the District is located. We recalculated the factor based on the above information.

## To the Board of Trustees Vacaville Unified School District Library District

Finding: The District used the population change for unincorporated Solano County in the 2020/2021 and 2019/2020 Appropriations Limit Calculations, which is an appropriate factor to use. However, the District is able to use the factor for unincorporated Solano County or the jurisdiction in which the District is located.

Recommendation: We believe the District may use the population change for the City of Vacaville if it is higher than the population change in for the unincorporated County. Considering the population change was higher for the City of Vacaville in the California Department of Finance reports used for the 2020/2021 and 2019/2020 Appropriations Limit Calculations, the District may want to revise the factor used for those years.

4. We compared the prior year Appropriations Limit presented in the accompanying Appropriations Limit Calculation to the prior year Appropriations Limit adopted by the Board of Trustees for the prior year.

Finding: See the finding under item 2 above.

Recommendation: See the recommendation under item 2 above.

5. We recalculated the 2020/2021 and 2019/2020 Appropriations Limit by multiplying the product of the two above factors by the prior year Appropriations Limit.

Finding: See the finding under item 2 above.

Recommendation: See the recommendation under item 2 above.

6. We compared the District's budgeted and actual revenues to the computed Appropriations Limit for fiscal year 2020/2021 and 2019/2020.

Finding: No exceptions were noted as a result of our procedures.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We are not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on Appropriations Limit Calculation. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the Appropriations Limit for the base year, as defined by *Article XIII-B* of the California Constitution.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the use of the Board of Trustees and management of the District and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.

Richardson & Company, LLP

#### **GOVERNANCE LETTER**

To the Board of Trustees Vacaville Unified School District Library District Vacaville, California

We have audited the governmental activities and major fund of the Vacaville Unified School District Library District (the District) for the year ended June 30, 2021 and 2020, and have issued our report thereon dated February 15, 2023. Professional standards require that we provide you with the information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information to you in our engagement letter dated, and to a member of the Board of Directors during the audit. Professional standards also require that we communicate to you the following information related to our audit.

#### Significant Audit Matters

#### Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note A to the financial statements. No new accounting policies were adopted that affected the financial statements and the application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were the depreciable lives used for capital assets, liabilities accrued and the true-up entry under the County contract for library services. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were the disclosures about contingencies disclosed in Note G to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit. However, the Internal Audit Division of the Auditor-Controller's Office did not ensure audit adjustments were posted in the general ledger and would not make June 30, 2019 information in audit workpapers

To the Board of Trustees Vacaville Unified School District Library District Page 2

readily available to us during the audit, which slowed the progress of the audit and caused the audit to take more hours to complete.

## Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Adjustments included 35 closing entries and audit adjustments, including the following:

- To restate the June 30, 2019 opening balance of public facilities fees receivable to accrue fees collected by the County on behalf of the District and remitted after year-end.
- To restate the June 30, 2019 accrued interest payable on long-term liabilities not accrued.
- To adjust net position and fund balance to match the prior year audited ending balance by reposting audit adjustments not posted in the general ledger.
- To true-up cash and cash equivalents restricted for public facilities fees.
- To reclassify restricted fund balance and net position for unspent public facilities fees.
- To add interest earned on public facilities fees to the restricted cash and investments and restricted fund balance.
- To record accrued interest payable on long-term liabilities.
- To true-up net investment in capital assets.
- To true-up construction in progress.
- To post a number of reclassifications for reporting purposes.

## Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated February 15, 2023.

## Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principles to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

To the Board of Trustees Vacaville Unified School District Library District Page 3

## Other Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### Other Matters

We applied certain limited procedures to management's discussion and analysis and information related to the District's budgetary comparison schedule identified in the table of contents, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

#### Restriction of Use

#### MANAGEMENT LETTER

To the Board of Trustees and Management Vacaville Unified School District Library District Vacaville, California

In planning and performing our audit of the financial statements of the governmental activities and the major fund of the Vacaville Unified School District Library District (the District) as of and for the years ended June 30, 2021 and 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in internal control to be a significant deficiency.

#### Closing Procedures:

We identified numerous audit adjustments and posted several closing entries during the audits. This is an indication that additional review procedures should occur during the closing process. The Administrative Services Manager should use the audit advance preparation list as a closing checklist to review general ledger for completeness and accuracy and have adjustments posted to the general ledger to true-up any differences noted prior to providing the general ledger and prep list items to the auditor. Adjustments posted during the current year audit should be provide to the Auditor-Controller's Office for posting and the fund balance of the General Fund should be compared to the audited financial statements to ensure all adjustments were posted. We also recommend a separate special revenue fund be established for public facilities fees and a separate government-wide fund be established to ensure the government-wide entries balance.

We also have the following additional recommendations that have been presented for your consideration:

We recommend the District adopt a fund balance policy under GASB 54 that includes a discussion of the purpose of reserves and we recommend the budget specify the purpose of any additions to reserves.

We have the following observations and recommendations related to the adjustment of the expenditures for library operations to actual under the Contract with the County for the years ended June 30, 2021 and 2020:

- We recommend either reporting property tax administration and other expenses not related to the charges for services adjusted to actual in separate expenditure accounts in the District's general ledger or including the actual amounts for those expenditures in the adjustment calculation. This will allow the actual expenditures computed in the adjustment calculation to tie directly to general ledger expenditure account 427-9887-0002250 Other Professional Services after the adjustment is posted, which would ensure the adjustment was posted correctly.
- We recommend the District record any credits from prior years in a separate expense account so account 427-9887-0002250 reflects the gross charges for the current year for comparison to the amount used in the calculation of the adjustment.
- We noted budgeted library materials were included in both the budgeted and actual columns of the June 30, 2021 and 2020 calculations. We are unsure why actual library material expenditures were not included in the calculation. We recommend the District consider obtaining the actual District share of materials expenditures for any fiscal year that the actual materials expenditures were not included in the calculation and adjust the calculation accordingly.
- We noted the materials expenditures and extra help allocation expenditures reflected in the actual column in the June 30, 2020 calculation were not included as expenditures in the County general ledgers for divisions 6367 or 6368 used for the District. We recommend the District ensure all actual expenditures are included in the County's general ledger for comparison in the future.
- We noted the original budgeted expenditures for the year ended June 30, 2020 of \$4,657,887 were used in the charges recorded in the general ledger during the year ended June 30, 2020, but the adjustment calculation used the final amended budgeted expenditures of \$4,671,383. This resulted in a difference of \$13,496 in the adjusted expenditures recorded after adjustment (i.e. the adjusted expenditures did not tie to the actual expenditures computed). The expenditures accrued in the financial statements at June 30, 2020 were updated to compute the adjustment using the expenditures actually posted in the general ledger to arrive at the actual expenditures incurred, but the credit provided in 2021 will need to be adjusted to reflect this change.

The District's operations and accounting functions are performed by County of Solano personnel. It is important to document that an independent review of financial information by someone outside of the County occurred. Consequently, we recommend documenting that the Board of Trustees received and reviewed the budget vs. actual report in board minutes. The report should be reviewed for unusual items that may indicate error or fraud occurred that require follow-up actions. Many small clients also provide a list of checks cut to the board for their review. The District may consider doing that in the future.

We recommend the District pursue establishing one separate web page on the Solano County Library website that contains all District information, such as board meeting agendas, board minutes, board packages, audited financial statements, budgets, agreements, the original text of Measure L, information on the authority for and purpose of public facilities fees and operating information.

The District's staff was unable to locate the original approved District by-laws during the audit. We recommend staff locate the by-laws or request them from the Secretary of State's Office and retain a physical and electronic copy for future reference. We recommend all District information, including organizational documents, agreements, policies, procedures, support for transactions, etc. be maintained in a folder on the District's server so it is together in one place and does not need to be requested from the County.
